

St Joseph's RC Primary School

Children in Mrs Smith's class spent time on a traditional Christmas activity, making Christmas cards for their families. They labelled the envelope with their address and stuck a stamp on it so that the postman could deliver it.

Instead of 'posting it' in our Christmas Post Office Area we put on our high vis jackets and went on a walk to our local post box.

With our envelopes in hand we walked to the post box. We watched out for vehicles and other pedestrians as we walked along the road in pairs. We spotted the street names and tried to sound these out. We remembered to **stop, look and listen** when we came to cross a road.

We looked at the house numbers and realised that they don't count up in ones! We looked at the days and times on the post box for when the postman would come and collect our cards.

We waited a few days at home before receiving our cards!
